

Neveion Expands US Presence with the Opening of an East Coast Office

Oslo, Norway, 27 May 2015 – [Neveion](#), a leader in transporting media from the camera to the home, today announced the opening of a new office in Manhattan, New York City, to accelerate growth and capitalize on the US market opportunity. The office will complement the company's existing [West Coast facility based in Oxnard \(CA\)](#) and demonstrates Neveion's commitment to the North American market.

Situated just off Times Square, the new office will operate as a sales and support hub and has been specifically selected to better serve the company's local customers and further boost business development. Neveion currently has a number of high profile customers on the East Coast, including NBC Universal, HBO, PBS, MLB Advanced Media, The Switch and Intelsat.

"This is a strategic step which demonstrates our commitment to our present and future customers in the US. It also reflects our belief in the growth potential of the North American market. Operating in the heart of Manhattan is not only vital to our customer service and training, but we also see it as a way for our customers and partners to actively engage and collaborate with the Neveion team." said Neveion CEO Geir Bryn-Jensen.

The new office is located on Floor 23, 1440 Broadway, New York City.

About Neveion

A pioneer in media transport, Neveion provides network and broadcast infrastructure to broadcasters, telecommunication service providers, government agencies and other industries. It enables the transport and management of professional-quality video, audio and data – in real time, reliably and securely – from the camera to the home.

From content production to distribution, Neveion solutions are used to power major sporting and live events across the globe. Some of the world's largest media groups and telecom service providers use Neveion technology, including AT&T, NBC Universal, Sinclair Broadcast Group Inc., NASA, Arqiva, BBC, CCTV, EBU, BT, TDF and Telefonica.
